

1470 ON YOUR DIAL 1000 WATTS

Marlboro, Massachusetts

OFFICES AND STUDIOS AT CURTIS AVE.

OWNED AND OPERATED BY COUNTY BROADCASTING CORPORATION

November 28, 1959

Mr. John Sampson
362 Memorial Drive
P.O. Box 6250
Cambridge 39, Massachusetts

Dear Sir:

Thank you for the reception report of WSRO on November 10th between 11:22 and 11:30 hours Eastern Standard Time. Perhaps the reason for coping us at 45 db (S/7.5) is due to your antenna resonancing very close to a quarter wavelength at our operating frequency of 1470 kcs.

We operate with the power output of one KW, feeding two quarter wavelength directional arrays, favoring generally the directions of South, South-West, and Western Massachusetts. Incidentally, we are protecting WNBZ on 1470 kcs in Newburyport and WBET, 1460 kcs in Brockton.

Once again, thanks for your letter and the report on WSRO!

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Peter Russett', with a long horizontal flourish extending to the right.

Peter Russett / Engineering Department, Assistant Chief WSRO.
