Dear John,

Thank you for your letter of several weeks ago. I am sorry

I have not answered you before this. But, a funny thing happened... I opened your letter and put it in my pocket with every intention of answering that evening.

When I got home, I couldn't find it anywhere. After looking all over for it I gave up.

Today the mailman brought it back to the station....

He had found it on the street. So, Now, before I loose it again I am answering you.

I am not surprised that that you had some interference from KYA as the music we play isn't as loud as theirs.

Too, we are only 500 watts and have a couple of good mountain ranges between us and you. It never stops amazing me the ammount of signal we put out.

With regards to your program list, I checked our logs of Jan 28 and you had it right on the button. Again, many thanks for the letter and I'M sorry it has taken me so long to answer. If you are ever up this way stop by and say hello.
