

June 8, 1967

Dear John:

I was very pleased to receive your letter the other day.

Your information on our programming is correct.

It also pleases me to see you have such an interest in radio. Your receiver is first rate.

I am an amateur radio operator (K6OY/2) and also have a First Class Commercial License.

You didn't mention your age but I am assuming you are still going to school. I can't emphasize enough how important it is for you to stay there. If you decide to go into the broadcasting industry I am sure you will find the work exciting & rewarding. The industry desperately needs engineers with a good educational background.

Again, thanks for your letter and if I can be of help to you in the future, please let me know.

Sincerely yours,
Earl A. Walters
Senior Engineer - KCOY-TV,
Chief Engineer - KCOY-Radio.
