Dear Mr. Sampson:

Thank you for your fine letter and reception report for
KEWQ Radio.

I am happy to verify your reception report for Sunday November 5,
1967.

KEWQ operates on 930 MHz with a power of 500 watts into a single
guyed vertical radiator. The transmitter is located several miles
south west of Paradise on the Skyway. The transmitter site is on
the edge of the hills overlooking the entire valley.

Shortly we will be broadcasting on an FM station at 93.7 MHz
licensed to Chico and using separate call letters. If you can
pick us up next month let me know.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Carl Adel', written over a horizontal line.
