Dear Sir:

In regard to your letter about your reception report of 9 October 1966, I'm sorry to inform you that Mr. Kern is no longer with KINY. In fact, there is practically a whole new staff here. However, in checking back through our logs, we find that as near as we can determine, your report is substantially correct. We hope that you will be able to receive us in the future and that any report that you might send in will be answered a great deal more promptly.

Cordially,

Don McIntire
