Mr. John Sampson
20088 Las Ondas Ct.
Cupertino, California.-95014

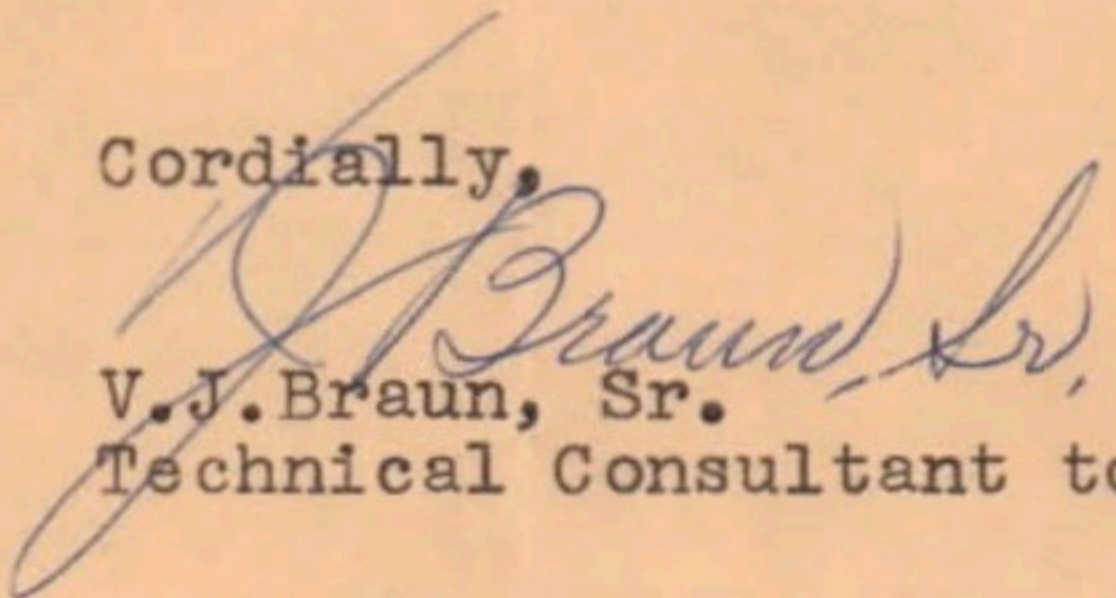

Dear Mr. Sampson:

Thank you for your Listners Report dated Tuesday, August 1.

I think you should be very proud of your Hammarland HQ-129-X. If you were not using Crystal Selectivity your reception was indeed phenominal as you were hearing KOAD over the carrier, and program modulation of our Sister Station KMBY in Monterey also on 1240 kHz.

I wish you the best of listening in the future and may your interest and efforts be of assistance to you in developing a fine listening techniquie... something I think is rapidly becomming a lost art.

Cordially,

V.J. Braun, Sr.
Technical Consultant to B. B. C.
