Dear Mr. Sampson:

Thank you for reporting reception of our station on the morning of Tuesday, July 9th, 1968. Your log of our program at the time reported corresponds perfectly with our official log for the same time - and this will verify your reception of our station beginning at sign-on time, 5:58 a.m.

May I also verify your reception of our station on the date of December 5, 1966 as requested in your letter of last April 17th. Before getting around to answering your request for verification at that time, I suffered a heart attack and have been out of circulation until now. I hope you will accept my apologies for the delay in answering your earlier request. I have no idea why your original report was not acknowledged ---- but I won't take the blame for that inasmuch as I was not connected with the station at that time.

If you are ever in the vicinity of Arroyo Grande on the Central California Coast, please visit our station. It would be a pleasure meeting you - particularly because I had a playmate with your name in my childhood at Cameron, Wisconsin.

And thanks for listening!

Sincerely,

John Holbrook
