Dear Mr. Sampson:

This will confirm your reception of KOFI, 1180 Kc, 10 KW DA-N, on November 29, 1967 from 10:32 to 10:52 p.m., MST.

We appreciate the information on your reception of KOFI. We began operation October 29 on 1180 Kc. Yes, we do protect WHAM, the I-A clear. We are one of 13 Class II-A stations that were assigned to western states and operate on I-A frequency of I-A's located in the east. We are directional at night with a circular pattern except for a null due east 90°.

Thank you again for your report.

Yours truly,

*W. H. Patterson*
