Mr. John Sampson  
2008 Las Ondes Ct.  
Cupertino, Calif.  
95014

Dear Mr. Sampson,

We were glad to receive your letter and surprised to hear you were able to pick us up down there. You're right, we don't get many "listeners" down that way! We are broadcasting through a 250 watt Raytheon transmitter from 5:30AM to 12:00 midnight and of course this is non-directional.

Once again, thank you for your letter and keep up the good work!

Mark Ramsay
