5000 watts

February 20, 1968

Dear Mr. Sampson:

This letter will confirm the fact that you have accurately reported our programming for February 4, 1968 at 10:08 - 11:01 PM Alaskan Standard Time, and therefore were hearing KSRM located at Soldotna, Alaska.

We were very glad to receive your letter and are gratified to know that we are "reaching out" once in awhile, when the "skip" is right.

We are running 5,000 watts here to a non-directional vertical, using all Gates equipment.

The station is owned and operated by a group of Christians who have dedicated it to the service of Christ and to spreading the Good News that He lives and saves.

Thank you again for your report and request.

In His Name,

KSRM RADIO
