Mr. John Sampson  
20088 Las Ondas Court  
Cupertino, California 95014

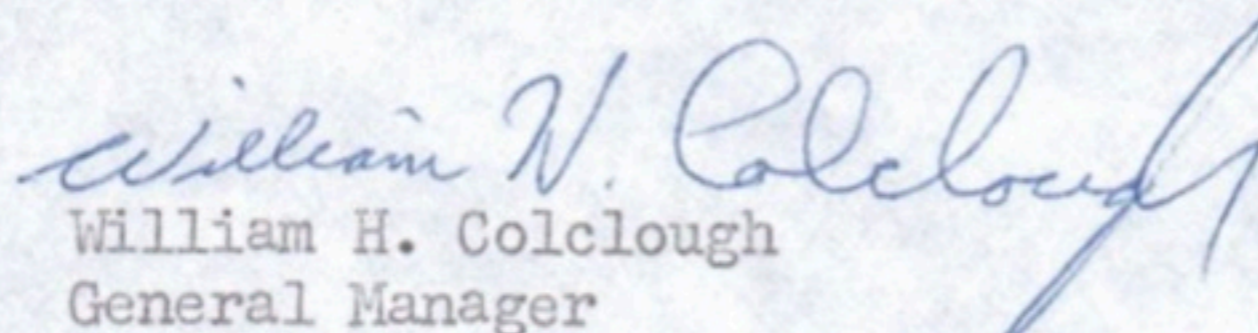

Dear John:

Thank you for the reception report we received from you last week. Your report leaves no question that in fact it was KVRE you were listening to. This letter will, therefore, verify your reception of KVRE in Cupertino.

KVRE does have a directional antenna, and we do protect Radio Station KDON, Salinas, California, which is to our South.

Again, thank you for your interest in radio and the reception report. Please plan to stop by KVRE on your next trip to the Santa Rosa area.

Yours truly,

  
William H. Colclough  
General Manager
