

Radio Station **KX-RX** San Jose

JOE E. LEVITT, GENERAL MANAGER

6-29-67

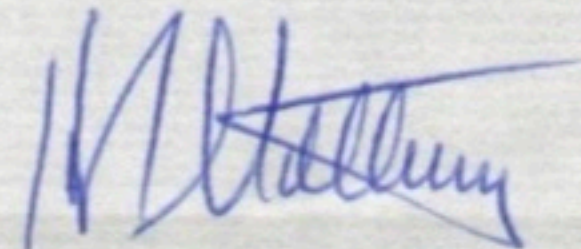

Dear Mr. Sampson;

This letter will verify your reception report of June 11, 1967
It is correct in its content and agrees with our Program Log
for that date.

KX-RX operates 24 hours daily with 10,000 watts daytime
power, and 5,000 watts night. There are separate patterns
for day and night operation with most of the power directed
to the south, southwest and west during both modes of operation.

Thank you for your interest and good listening.

Sincerely,

H. R. Stalberg
Chief Engineer
