Dear Friends,

Thank you for the fine log of reception  
 of KYES 1:09 - 1:30:45 am PST on Monday  
 Dec 12, 1966

you have me "pegged" right down the line  
 and I am happy to confirm your report  
 Glad to hear that our signal came in well.  
 The interference at 1:25 to 1:30 was KJR  
 Seattle. They were supposed to be off at  
 the hour of our test program but came on  
 intermittently with equipment tests. They  
 are on 950 KHZ

Best regards and a Happy New Year!

Sincerely  
 Leroy Hiatt CE
