Dear Mr. Sampson:

This is to verify that you indeed did hear us on the morning of February 5, 1968 between 1:53 am and 1:58am MST.

We thank you very much for your report of our reception.

I, too, have a HQ-129X and am glad to hear that someone else is using one with apparently such good luck.

Again, thank you very much for the accurate report.

Sincerely,

Dutch Meyer
Chief Engineer.
