Freehold, New Jersey

Dear Mr. Sampson:

This letter will verify your report of reception of Radio Station KOEL, Oelwein, Iowa on December 10, 1962.

KOEL operates on an assigned frequency of 950 Kcs. with 1,000 watts daytime and 500 watts at night employing two different broadcast patterns. Three towers are used and are in line 7 degrees from true north. Hours of broadcast are from 5:00 A.M. to 11:00 P.M. weekdays and from 6:00 A.M. until 11:00 P.M. on Sundays.

Your report of reception is appreciated.

Respectfully,

Clint Knapp  
Chief Engineer
