This is a verification of your reception report from
10:03pm to 10:06pm ~~on~~ Sunday dated December 2, 1963
We are always happy to hear from our distant listeners
and we hope you enjoy the programming on KYOS.

A word about our equipment...mostly of RCA manufacture.
Our transmitter is a BTH-5F, located six miles north
of Merced, and is remotely controlled from our main
studio in downtown Merced. Three 240 ft. towers bring
our nighttime directional pattern to a miniumum toward
the northeast.

KYOS begins each weekday's broadcast a 5:00AM, and
5:30AM on Sundays. Sign-Off time is 11:00PM.

Again we think you for your fine report and we welcome
your future comments when atmospheric conditions
cooperate to bring our signal to you.

Sincerely,

Rick Jerome
Chief Engineer
