Freehold, New Jersey

Dear Mr. Sampson:

Thank you for your report of reception
of WANB in Freehold.

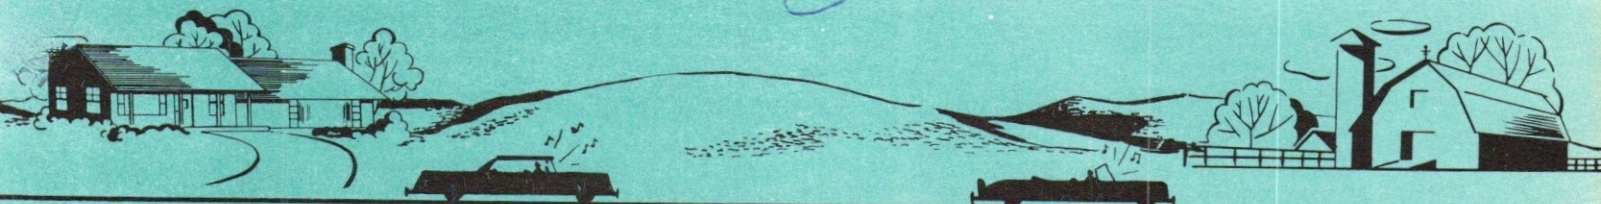

WANB is a 250 watt, non-directional,
independant station. It is located in the
county seat of Greene County, the South-
western most county in Pennsylvania. We are
proud to be the only radio voice in the area..
and, can thus say, Number 1.

Your interest in WANB is most appreciated;
the service that you "short-wave listeners" do
for radio engineers is most beneficial.

We wish you the best of good-luck in
hunting "DX".

Sincerely yours,

James V. Smith
