Freehold, New Jersey 07728

Dear Mr. Sampson:

This is to verify your report of April 27, 1964; however, the test pattern was in the morning and not in the evening as stated in your letter. Our signal pattern is non-directional.

Thank you for your interest in our station and it was very good to hear from you.

Best regards,

A handwritten signature in blue ink that reads "Bill Smith". The signature is fluid and cursive, with a large loop on the "i".
