15 Sept. 1962

Mr. John Sampson
23 Terrence Ter.
Freehold, N. J.

Dear Mr. Sampson:

Thank you for your reception report of our September frequency check. You seem to have heard us quite well in spite of unusually heavy interference from other stations sharing our 1490 kc. frequency.

Incidentally, ours is a non-directional 1kw. daytime, 250w. nighttime operation.

Thanks again for your report, and lots of luck in all your future DXing.

Sincerely,

O. Gildemann
