Radio Station WGIG
Brunswick
Georgia

Dear Sirs,

From 6:03 AM to 6:13 AM, Standard Time on January 20, 1963

I was quite pleased to hear station WGIG broadcasting on a frequency of 1440 kcs. Programming

I heard was as follows:

- 6:03 News (in process)
- 6:04 End of the news
- 6:05 Station ID - & Then the program "Musical Sunday" started
- 6:06 Song - "All the Way"
- 6:08 ad for the New Beverly Shores Subdivision
- 6:09 Song
- 6:13 Announcement about the weather conditions, & then WGIG faded

Your report of reception checked with log & found to be correct. Your report verified. WGIG 1/20/63
January
Mantona
Ga.

I used a Hammarlund HQ-129-X receiver with 4 1/2 foot loop antenna. Interference was extremely heavy from several stations - you were not too easy to hear
Weather conditions were clear & 40° I would greatly appreciate a verification of reception from WGIG (on your letterhead stationery, if possible). I am enclosing return postage for your convenience in replying. I would also appreciate information concerning your antenna system and pattern.

Thanking you very much, I remain

700ft. vertical radiator

Yours truly,
John Sampson
