John Sampson,

Freehold, N.J.

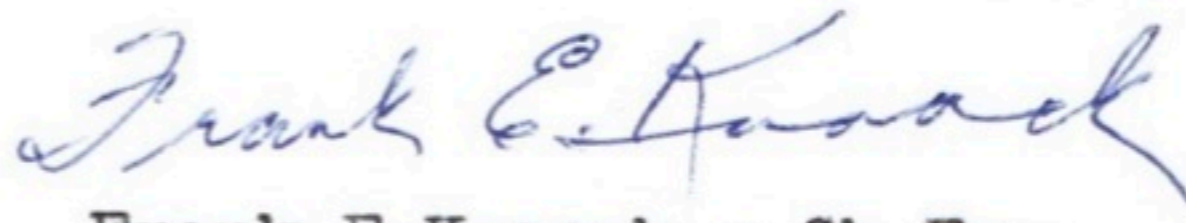

Mr. Sampson:

This is a verification of your reception of **WHLI** programs from 4:25 PM to 4:35 PM on May 11, 1963.

You had made an error in your time, it is PM not AM, as we are not on the air that early in the AM.

Interference from WGPA and possibly KYW would be normal as we have a directional antenna which cuts our power in your direction, to protect KYW contours in your area.

We wish to thank you for your fine report and interest.
