"modern radio for the Hudson Valley!"

July 19, 1963

John Sampson
23 Terrence Terrace
Freehold
New Jersey

Dear John:

Congratulations! Your's was the first reception report received at WHVW and we are indeed happy to verify your logging of July 13th, 1963 between 4:57 and 5:17 PM EDT.

WHVW operates with 500 watts of power on 950 kc.. Operation is confined to daylight hours (6:00 AM - 8:30 PM at present) and the antenna radiation pattern is non-directional. WHVW is locally owned and operated by the Ubiquitous Corporation and is not affiliated with any network or other station. WHVW commenced its regular broadcasting schedule on July 4th, 1963.

Fine business on your reception and your letter. Only accurate reports covering 20 minutes or more of our logs will be verified and yours certainly qualify. Keep up the good work and best of DX'ing. I too am a SWL and stick pretty close to the BCB side of it.

Write any time.
