

WIRY
PLATTSBURGH NEW YORK

From : Kenneth P. Duquette
Chief Engineer

Sir:

I am pleased to report verification of your station on 3/27/64,
from 1:55 to 2:18.

WIRY first went on the air January 30, 1950, we operated at
a power of 250 watts, non directional antenna. In 1961 the FCC
licensed us for 1000 watts directional during day time hours and
250 watts at night. Our frequency is 1340 Kc., location is North
Lat. 44 41' 49" West Long., 73 28' 40". "Good DX'ing."

Yours truly,
