Freehold, New Jersey

Dear Mr. Sampson:

Thank you for your letter in which you described your reception of our programming on Sunday, October 6.

Our Traffic Department has confirmed the information you included in your letter.

Of course a report on our signal strength in outlying areas is of concern to us and a letter such as yours is appreciated.

Sincerely,
Elza W. Tudor
Elza W. Tudor
Commercial Manager

P.S. Yes, our studios, office, transmitter and tower are on the Connecticut Turnpike.
