

am/fm Lowell · Lawrence

39 Kearney Square, Lowell, Massachusetts, 458-8715.

August 22, 1963

Mr. John Sampson
23 Terrence Terrace
Freehold, New Jersey

Dear Mr. Sampson:

Your reception report of Monday, August 19, 1963 was received and this will verify that what you heard was WLLH.

We operate synchronized transmitter, 1400 Kc., 500 Watt output Lowell and 1400 Kc., 500 Watts Lawrence, Mass. Our signal pattern is "Radiational."

We will soon be operating with a power output of 1,000 Watts, Lowell and Lawrence, which should make quite a difference in our signal.

Very truly yours,

Leo P. Demers, Jr.
Staff Engineer
