Dear Sirs,

From 5:15 P.M. to 5:31 P.M., Eastern Standard Time on April 7, 1962

I was quite pleased to hear station WNAR broadcasting on a frequency of 1110 kcs. Programming

I heard was as follows:

- 5:15 Announcement of the time, & ad for Jim Bow Rental Service
- 5:16 1/2 Song - "Body & Soul"
- 5:23 1/2 Appeal for funds for the Norristown Library - by the Friends of the Norristown Public Library
- 5:24 Announcement of the time, & announcement concerning the Ladies Specialty Shop & a special day
- 5:25 Announcement about teaching arithmetic
- 5:26 Song - "You make me feel so young"
- 5:29 ad for the St. Marie Club of Lansdale
- 5:30 "WNAR News"; & announcement that there would be a full report of capsule news at 6.
- 5:31 Musical Station ID

This is to verify above report

WNAR - Norristown, Pa.

I used a Hammarlund HQ-129-X receiver with 4 1/2 foot (diagonal) loop antenna. Interference was slight from another station - WNAR is quite strong here
Weather conditions were raining & 50° I would greatly appreciate a verification of reception from WNAR (on your letterhead stationery, if possible). I am enclosing return postage for your convenience in replying. I would also appreciate information concerning your antenna system and pattern.

Thanking you very much, I remain

Yours truly,
