Dear Mr. Sampson:

We thank you for your report of reception of this station. A check of our log verifies that you received WTAG on 580 kc. October 22, 1963 between 5:30 AM and 6:00 AM.

The WTAG daytime directional pattern is a modified cardioid with strong signals to the north, west, and south, and with only a weak signal toward the east.

We thank you again for your report and take this opportunity to wish you the best of listening pleasure.

Very truly yours,

E. A. Browning
