December 17, 1962

John Sampson
23 Terrence Terrace
Freehold, New Jersey

Dear John:

Thank you for your reception report of Station WXYJ on December 10, 1962, from 4:11 to 4:29 AM. The report was an accurate description of the program broadcast at that time. It is gratifying to know that you could receive WXYJ through all the QRM on 1340.

WXYJ operates from 5:30 AM to 1:05 AM with 250 watts, non-directional, fulltime. The antenna is a 150 foot self supporting structure mounted on the roof of the WXYJ Building in downtown Jamestown.

Once again, thanks for your report, and we wish you continued success in your Radio Club activities. Seasons greetings.

Very truly yours,
Radio Station WXYJ

Burton Waterman
Chief Engineer
