Dear John:

I am happy to confirm your reception of CFRA on November 11, 2008. The CFRA transmitter, a Nautel, ND 50, outputs 50,000 watts day and 10,000 watts night into a four tower antenna array just south of Ottawa.

Should you wish further information on our stations please visit our homepages on the Internet.

Happy DX'ing,

Harrie Jones,
Chief Engineer
