

**RE: Reception Report**

Dear John

This is to confirm your reception report of Oct. 04/2014. On CJNB,  
from 9:12 to 9:28.

For your interest, both CJNB and CJNS are country music stations with a large emphasis on News, Sports and information. CJNB North Battleford, SK operates at 1050KHz with 10 000 watts day and night. CJNB began broadcasting in 1947 at 1240KHz with 250 watts. In the 1950's, CJNB moved up the dial to 1460KHz and in the early 60's, CJNB moved to its current dial position of 1050.

CJNS Meadow Lake, SK operates at 1240KHz with 1000 watts day and night. It's been this way since CJNS began broadcasting on August 1, 1977. CJNS features local programming weekdays from 9AM to 12Noon and 2PM to 5PM, the rest of the time, CJNS simulcasts the programming of CJNB.

Our FM station, 97.9 CJCQ (Q-98FM) signed on the air September 26, 2001 with a power of 100 000 watts day and night and features a hot adult contemporary/hit music format.

1050 CJNB, 1240 CJNS and Q-98FM are all owned and operated by Northwestern Radio Partnership with association with Rawlco Radio.

Should you ever receive either CJNB, CJNS, or Q-98 again, please feel free to contact us and let us know about your "DX catch."

Sincerely,
