Dear John N. Sampson

The signal that you picked up on June 24th, was in fact KJAM AM 1390. The format is country and western along with news, sports, weather and information. KJAM is located in Madison, South Dakota, 45 miles north of Sioux Falls.

It's funny that you contacted us; I am originally from the Aitkin, Minnesota area and spent a lot of time in Grand Rapids.

Thanks for getting a hold of us. It's neat to hear that you can pick up our signal that far away. Keep listening and if you are ever in the area, stop by and say hi.

Yours truly,

Matt Allen
KJAM Sports Director and Morning Show Host
