Mr. John N. Sampson,

This is to confirm that on June 4, 2002 you received transmission from KOZN. A check of our logs confirms we played commercials at the time and in the order that you specified.

Thanks for listening, and please encourage everybody in Grand Rapids to purchase a Drake R&B Communications Receiver with a 2-foot amplified loop antenna so they can enjoy the broadcast too! (You did enjoy it, right?!?!?!)

But seriously, I must say that it was very interesting that somebody so far away from us could pick us up, as we don't have an enormously strong signal.

Thanks again,

Mark Kraynak
Assistant Program Director
