

Yes, that appears to be us.

I am the Chief Engineer for the Des Moines Radio Group, which includes 940 KPSZ, and also owns, 93.3FM KIOA, 102.5FM KSTZ, 103.3FM KAZR, 104.1FM KLTI, 99.9FM Hits, Pure Oldies 104.5, 1350AM & 102.1FM KRNT.

I can confirm that you were indeed listening to our station, KPSZ, on August 29th, 2022, at 7:50PM CDT.

I am 55 years old and have been with this company for 30+ years.

In case you didn't know KPSZ is a 10 KW Day, 5 KW Night station with a 2-tower directional day pattern and a 6-tower night pattern.

Here is a link to radio-locator <http://radio-locator.com/cgi-bin/finder?sr=Y&s=C&call=kpsz> and if you click on the coordinates, you can see the site on a map. You can also see the coverage maps for the two patterns.

Here is another link to a site that has an in-depth history of the station.

<http://www.desmoinesbroadcasting.com/kioa/kioa-main.html>. There are pictures of the site inside and out.

Thank you for listening and requesting confirmation. It is always nice to get DX reports for the AMs.

Joseph Farrington
