

290

Hello,

I am the Chief Engineer for the Des Moines Radio Group which includes 1350 KRNT. We own 93.3 FM KIOA, 102.5 FM KSTZ, 103.3 FM KAZR, 104.1 FM KOEZ, 99.9 FM Hits, 1350 AM - 102.1 FM KRNT, 940 AM KPSZ, 93.7 FM The Outlaw, and Oldies 104.5 FM.  
This letter will serve to confirm that John Sampson has heard KRNT Des Moines, IA on 1350 KHz, November 1<sup>st</sup>, 2019 from 4:55PM - 5:00PM CDT.

I am 52 years old and I have been with this group of stations for over 28 Years.

I have included a QSL card we have a few of.

In case you didn't know KRNT is a 5KW station with a non-directional day pattern and a 3-tower night pattern. I have gotten a few other reports in the past from Finland, Norway and Austria, but I think this is a first from Minnesota.

The station website is <https://espndesmoines.com/>. Our company website is <https://dsmradio.com/>, there are links to all our station websites.

Here is a link to radio-locator <http://radio-locator.com/cgi-bin/finder?sr=Y&s=C&call=krnt> and if you click on the coordinates you can see the site on a map. You can also see the coverage maps for the two patterns.

Here is another link to a site that has an in-depth history of the station. <http://www.desmoinesbroadcasting.com/krnt/krnt-main.html>. There are pictures of the site inside and out.

Good Listening and the best to you and yours in this coming new year.

Joseph Farrington

Chief Engineer

Des Moines Radio Group

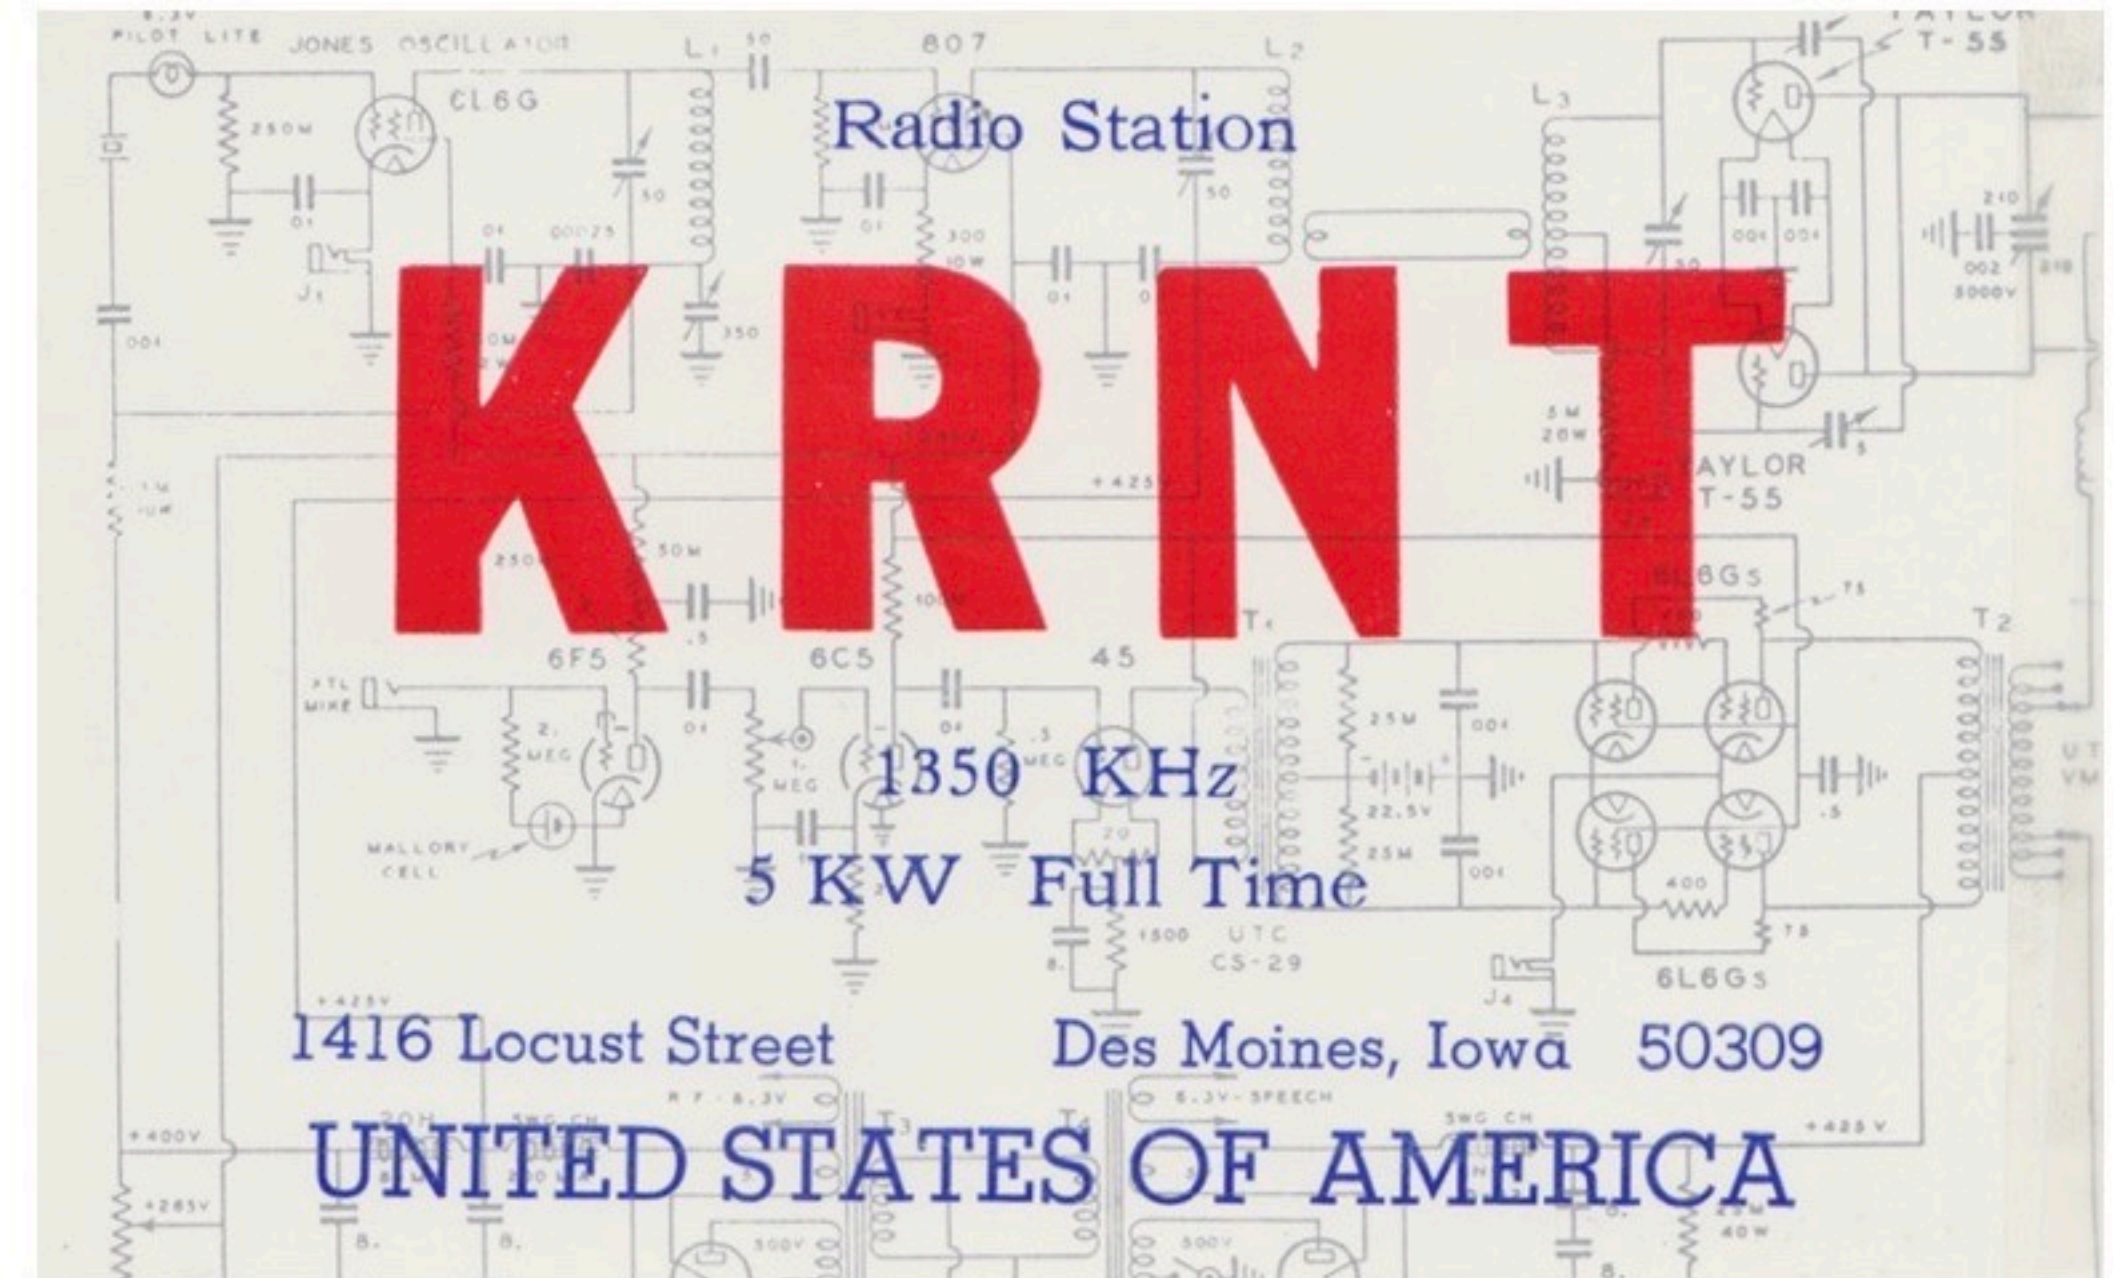

1416 Locust St. Des Moines, IA. 50309
