John:

Thanks for sending us a card regarding your reception of KRWB on May 24th, 2001. I looked through the logs and can confirm that you were hearing our station that day.

The reason you can't pick us up at night is that we are a directional pattern at night, beaming toward the northwest. The Canadians love us up there!

Thanks for the letter.

Best regards,

A handwritten signature in blue ink, appearing to read "Mike Pederson".

Mike Pederson, GM
