Dear Mr. Sampson:

I received your letter today and was surprised that Mr. Savage had not answered your first request.

Since your first letter KSMM has changed formats....we are currently operating under an LMA and are programming all Hispanic programming.

From the information you enclosed with your letter today, I believe that I can verify that you were receiving KSMM. In answer to your question.....YES, Dean Spratt is the same person who was affiliated with WCCO for a number of years. He was doing work for the Metro Traffic and Metro News Network at that time. I'm not sure if he is still with them.

Thank you for your interest in KSMM.

Sincerely,

Mrs. Louise E. Krohn  
General Manager
