Mr. Sampson,

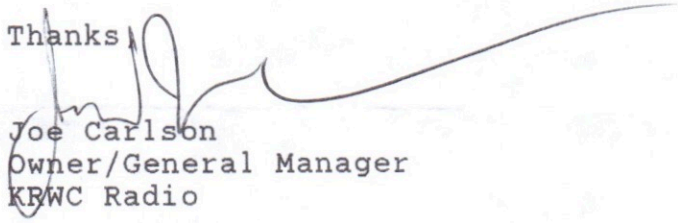

I received your letter about 3 weeks ago. It was interesting to read that you received our station on your "fancy" radio receiver.

I want to confirm that what you say you heard on July 22nd at the times you described fits our program log to the second.

Thanks for listening and hope you tune us in again.

KRWC Radio is a 500 watt daytimer station that markets to the Wright County area in Minnesota.

Thanks
