

Oct 21 2020

Hi John;

Thank you for your letter! I can confirm it was WFHR- 1320, Wisconsin Rapids you received on the 15th of October.

At the time of reception, 18:31-18:39 WFHR was operating with "nighttime" facilities, 500 watts into a directional antenna, the major lobe of which is aimed to the NorthEast. We lower power at 18:15 during the month of October. (Our daytime facilities are 5kW non- directional)

Best regards;

Chuck Gennaro
Chief Operator
WFHR
