

**RECEPTION CONFIRMATION**  
**WHKW 1220AM 50KW 24/7 DA-1 - CLEVELAND, OHIO**

September, 1, 2011

John N. Sampson  
35316 North Moose Point Road  
Grand Rapids, Minnesota 55744  
USA

Thank you for your reception report of WHKW on August, 19, 2011 from 2:14 to 2:33AM EDT. This letter should serve as a confirmation of your reception from Grand Rapids, Minnesota.

WHKW 1220AM operates with 50kW into a 5 tower directional array 24/7. The main transmitter is a Harris 3DX50. On air processing is done with an Orban 9200 digital processor. The transmitter site is located in Broadview Heights, Ohio and our studios are located in Independence, Ohio.

The station has a long and rich history which is best summarized on Wikipedia (<http://en.wikipedia.org/wiki/WHKW>)  
More facts and history about the station and its historical RCA BTA 50F transmitter (still intact) can be found here: <http://hawkins.pair.com/wknr.html>

WHKW is part of a 4 radio station cluster operated out of Cleveland and owned by Salem Communications. Along with WHKW are WHK 1420AM, WFHM 95.5FM and WHKZ 1440AM (Warren, Ohio).

I enjoy receiving many DX reports from the US and parts of Europe. The last letter I received for 1220 was back in January from Boston, Massachusetts.

Thanks for listening!

Brett P.
