Dear John,

I'll bet our little 250 watt station doesn't have many listeners in Grand Rapids!

Count yourself as one!

The items which you heard June 15th, 2000 would've been the type of material which WLIP would've aired in that day-part

For background purposes, WLIP was launched in the mid-40's by a man with the last name of Lipman. (Now you can see the real significance of the call letters.)

Interestingly, a woman who literally helped to put the station on the air still broadcasts daily. Irene Buri-Nelson's program, "Around the Town", airs between 10:30 and 11:00 each weekday morning.

Irene, obviously up there in age, comes in each day now more as a hobby and a way to stay active than anything else.

Good luck with your hobby...if you're ever visiting the Kenosha area stop in for a tour!

Sincerely,

David Cole
