Hi John!

Thanks for the letter and reception report. This reply will serve to confirm that you were, indeed, listening to 1470 WMBD on 16 November 2008.

The details of your report match the WMBD program log from 7:59 to 8:07 PM CST.

At the time of your report WMBD was operating with 5,000 watts into a four tower directional array.

Thanks again for the report and good DX!

Best regards,
