

November 5, 2007

Mr. John N. Sampson,

We are in receipt of your letter concerning WZFN, Dilworth, Moorhead, Fargo. This letter is to confirm that we are in the process of maintaining this signal. You did hear the test schedule for this 50kw signal.

Thank you for your interest. I hope this helps, but we do not have any letterhead to write this letter. I am writing this on Corporate letterhead.

Keep listening.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joan Reynolds', is written over a circular stamp or watermark.
