August 30, 1961.

Mr. John Sampson,  
1065 Jefferson St. So.,  
Apt. 10,  
HUTCHINSON, Minn. U.S.A.

Dear Mr. Sampson:

Thank you for your letter advising us that you had received our signal. Since we are on the same frequency as CHLO and CJOB, I can understand the interference at that time of day.

CKGB was founded in 1933 ---  
Operates on the 680 Kc frequency  
10,000 watts day and night  
Three tower array, Canadian Bridge, approx. 200 ft. high  
Directional Daytime pattern  
Directional Nighttime pattern

I am enclosing a copy of our coverage map with our pattern as laid down by the Department of Transport. The reference to Triner is our commercial affiliate with sister stations at North Bay and Kirkland Lake.

Sincerely,

RADIO STATION CKGB,
