

KCUE

RED WING, MINNESOTA

Phone: DUnkirk 8-3511

December 7, 1960

Mr. John Sampson
570 Prospect
Hutchinson, Minnesota

Dear Mr. Sampson,

Thanks for your report concerning reception of our radio station on November 27. It is not surprising that you could receive us even if the reception was quite inadequate. K-CUE is a non-directional operation and can be heard in a radius of 100 miles. Our primary pattern carries us out about 50 miles with our secondary pattern covering the remaining territory. As I understand it, Hutchinson is about 100 miles away from our location and thus you would fall into our secondary pattern.

Incidentally, the items and announcements that you listed on your report are all correct.

Thanks once again for your interest and response.

Best wishes for a happy holiday season.

Sincerely yours,
Ray Vecellio
