HUTCHINSON, MINN

SINCE WE DO NOT HAVE A CONFIRMATION FORM AS SUCH, I'LL LET THIS DO. THIS WILL CONFIRM YOUR RECEPTION REPORT # 127. YOUR DETAILING OF WHAT YOU RECEIVED WAS FINE. YOU OBVIOUSLY HEARD OUR SIGNAL VERY WELL FOR A SHORT WHILE.

WE HAVE A VERTICAL CROSS SECTION TOWER, MFG BY UTILITY TOWER CO, OKLAHOMA CITY. IT WAS INSTALLED THREE YEARS AGO WHEN WE MOVED OUR TRANSMITTER FROM THE STUDIO SITE TO A POINT THREE MILES EAST. THE GROUND SYSTEM IS IN THE EDGE OF A LAKE, IS NEW, AND STILL IN EXCELLENT SHAPE...TOWER HEIGHT IS 260 FEET....ABOUT 240 FT ABOVE AVERAGE TERRAIN. GALT TO HEAR FROM YOU.
