Dear Sir:

This is to verify your reception of Radio Station KIHO in Sioux Falls S. Dak. on Oct 15, 1960. The programing that you have listed is correct.

For some information about KIHO, we are a directional station durring the night time hours and non-directional daytime. We operate with 1000 watts and our directional pattern is to the north north east. The station has receintly been sold to the northwest bible college of Minneapolis. They hope to take over the operation of the station on Nov. 15. at which time I understand that we will all be looking for jobs.

Thanking you for your interest we Remain

Sincerely

Lee R. Sterkenburg
