Dear Sir:

Pleased to hear that you received our signal in Hutchinson. Our studios are located at 115 $\frac{1}{2}$ S. Egan in downtown Madison, and the xmitter is located three miles west of Madison on Hi-way 81. The xmitter is a Collins 550A, 500watts. We use a 150' Non. Dir. antennae and operate daytime only.

Sorry I am so late in getting this to you. Thanks very much for your letter. The items you included in your letter were correct.

Very truly yours

John A. Goeman
