

Station KJLT

5000 WATTS - 970 KC

HIRSCHFELD BLDG. • NORTH PLATTE, NEBRASKA

May 15 1961

Mr John Sampson
 1065 Jefferson St So Apt 10
 Hutchinson Minn

Dear Mr. Sampson:

Please accept this letter as a verification
 of your reception of KJLT on April 27 1961 at 6:50 PM
 to 6:59 PM CST.

Thank you for your information on the
 loop antenna and that you nulled out the other stations.

I have a hobby of ham radio and photography.
 The ham radio rig is single side band equipment made
 by Collins. The camera is 35 MM and I usually take
 Kodachrome transparencies.

Must success to you and thank you kindly.

Sincerely

John Townsend
