Dear Mr Sampson:

Thank you very much for letting us know  
about receiving our frequency check Saturday  
morning.

We got a letter from Gastonia, North Carolina  
and one from Smicksburg, Pa in the same mail.  
Must have made a lot of noise that nite.

We evidently do make a lot of noise for our  
little 250 watter gets a lot of attention.  
We've gotten two letters from 'down under'  
New Zealand. Mr Schneppe uses his very best  
Parade Ground Bellow for these frequency  
checks in order to be read clearly in Kansas  
City and sometimes we are heard much better  
much further away than in Kansas City by  
the monitoring service.

Thank you again.

Sincerely

*Willa M. Schneppe*
