

March 3, 1961

Mr. John Sampson
570 Prospect
Hutchinson, Minnesota

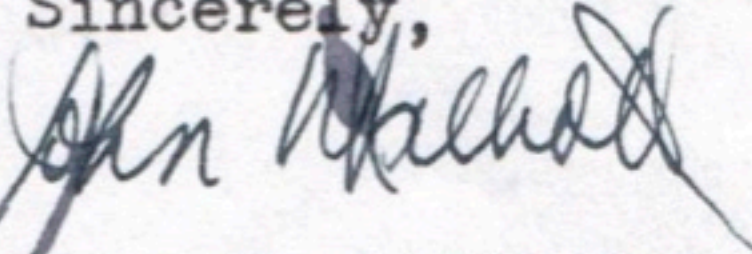

Dear Mr. Sampson:

This is to confirm your reception report of KWVY, Sunday, February 5, 1961 from 9:56am to 10:14 $\frac{1}{2}$ am, Central Standard Time.

We are broadcasting with 1000 Watts of Power, with an R.C.A. transmitter and a directional antenna, beamed Northeast from Waverly. The tone is approximately 500 cycles. It is obtained from our frequency monitor.

Enclosed is a card describing our station operation.

Thank you for your report.

Sincerely,

John W. Talbott
Manager *Om*
